

Designation codes for Bosch spark plugs (dimensions in mm)

Type of seat and thread W	Version R	Heat-range code number 7	Thread length spark position D	Electrode version T	Electrode material C	Version X
D M18x1.5		13	 	 		
F M14x1.25		12				
H M14x1.25		11				
M M18x1.5		10				
U M10x1		9				
W M14x1.25		8				
X M12x1.25		7				
Y M12x1.25		6				
		5				
		4				
		3				
		2				
		09				
	08					
	07					
	06					
B Shielded, water-tight, for interference-suppression ignition cable \varnothing 7mm						
C Shielded, water-tight, for interference-suppression ignition cable \varnothing 5mm						
E Surface-gap spark plug without ground electrode				C Copper		0 Deviations from basic version
G Surface-gap spark plug with ground electrode(s)				E Nickel-Yttrium		1 PO-version with nickel ground electrode
L Semi-surface air-gap spark plug				P Platinum		2 Compound ground electrode
M For racing and competition purposes				S Silver		4 Extended insulator nose
R With suppression resistor						

*Short-thread D-type spark plugs:
Thread length 10.9 mm
